Cora Allen-Savietta

Statistics PhD Candidate

Statistician with 7 years of theoretical and applied statistics experience and 2 years of software development experience. Currently developing software in Julia for efficient search, estimation & model comparison in complex network space.

Education

PhD Statistics University of Wisconsin-Madison

expected December 2020

BA Psychology Oberlin College

high honors

Research Experience

2018-03 - present

Statistics Research Assistant

Professor Cécile Ané, University of Wisconsin–Madison

- Develop software in **Julia** to reconstruct species' evolutionary history by combining efficient algorithms, novel search strategies, and efficient likelihood comparison. github.com/crsl4/PhyloNetworks.jl

2016-05 - present

Statistics Research Assistant

Professor Ron Gangnon, University of Wisconsin–Madison

- Develop a statistical method for flexible weighted clustered rankings using empirical Bayes nonparametric mixture models

2016-05 - present

Lead Data Analyst

University of Wisconsin-Madison Department of Epidemiology

- Assess breast cancer incidence and survival in a case-control study of over 26,000 women with generalized multivariate additive spatial models, covariate imputation, and variable width smoothing in **R**.

2018-02 - 2019-03

Lead Data Analyst

University of Wisconsin-Madison Department of Medicine

- Evaluated program success with multivariate generalized linear mixed effects models in **R**.

2012-06 - 2015-08

Epidemiology Research Assistant

Harvard Medical School & Brigham and Women's Hospital

- Led a clinical trial, supervising a team of five research assistants through patient recruitment and data analysis with **R**
- Managed large-scale healthcare claims data using **SAS**
- Assisted in design, analysis, and publication of pharmaceutical postmarketing surveillance studies

Teaching and Mentoring Experience

2018-09 - 2018-12

Teaching Assistant for STAT 679: Computational Tools for Data Analytics

- Taught 42 graduate students **Bash** scripting, **Python**, & **Julia**.
- Mentored students individually and in small groups through pair programming and **GitHub** code review.

Awards

2017-07
National Institutes of Health Data Science Traineeship

2015-09
National Institutes of Health Biostatistics Traineeship

2012-03
Leah Freed Memorial Prize for Honors Thesis Research

2012-01
Jerome Davis Prize for Social Science Thesis Research

Professional Memberships

American Statistical Association

Caucus for Women in Statistics

Undergraduate & Graduate Student Mentoring

- Mentored 6 Statistics undergraduates in preparing honors thesis projects.
- Tutored 7 undergraduates and graduate students in Statistics courses weekly.

Teaching Assistant for BMI 511: Introduction to Biostatistics

- Introduced 40 Masters of Public Health students to probability, research design, hypothesis testing, statistical inference, and regression.
- Taught one lecture per week and mentored students independently.
